ENGINEERING SOLUTION

Medical Equipment Manufactures

INTRODUCTION

*We Hot Coaters Engineering Solution Certified Co.
Established In 2024*

*We Are The Manufacture Of Modular Ot Itmes
& Clean Room*

- **LAMINAR AIR FLOW (WITH HEPA FILTER)**
- **SURGICAL SCRUB STATION**
- **HATCH BOX**
- **SURGICAL OT CONTROL PANEL**
- **X-RAY VIEW BOX**
- **LIST BOARD**
- **OT PERIPHERAL LIGHT**
- **MULTI MOVEMENT PENDENT**
- **INSTRUMENT STORAGE**
- **HERMETICALLY SEALED DOOR (HPCL)**
- **CLEAN ROOM DOOR (PCGI)**

ABOUT US

We would like to introduce ourselves as one of the fast growing company in the field of Manufacturing and Service Provider of HEPA Filters, Scrub Station X-ray Viewing Screen Laminar Airflow, OT Plenum, Surgical Equipment's, Ot Control Panel Cleanroom Certification (as per ISO and NABH guidelines), HVAC Consultant and Contractors with clear focus in the field of various industries like Pharmaceutical, Hospital, Biopharma, Environmental labs, Datacenters, Research and Education Institutes, Paint Industries, Food Industries, Automobile industries etc.

We have expert knowledge of Contamination Control so always want to satisfy our clients by giving them great products and satisfy them excellent quality services. Certified by relevant quality standards, our product carries a high degree of precision, attributing a certain degree of reliability. This enterprise also provides Validation and Calibration services along with Clean Room design, development, construction and installation

VALUES

Vision

Hot Coaters Engineering Solution, Established in Year 2024, has a vision of delivering high quality products to the customers. We are involved in adopting best practices and most novel methods to manufacture a wide range of product involved in Cleanroom, Hospital and Pharma Industries.

We are trying to become a renowned global manufacturing company in the field of contamination control with innovative employees and newest technologies.

Mission

Our mission is to ensure that every product we manufacture is carved to perfection and customised to meet the ever growing needs of the industry.

Towards social contribution we continue to try our best to bring smiles to each and every face we come across, by focusing to our motto devotion towards achieving excellence which is also our tagline “Purity at Its Finest”.

We intend to contribute in the development of society by becoming a trustworthy partner for everybody, providing services & new technologies to fulfill the requirements of society.

We would request for your continued support to Aerius Industries

LAMINAR AIR FLOW WITH HEPA FILTER

HOTCOATERS
ENGINEERING SOLUTION

Modular / laminar flow operating theatres are engineered to meet International standards of health care needs. Bespoke purified HVAC system design with Laminar Air Flow ensures sterility, easy maintenance and effective utilization. Plan air ceiling constructed out of Aluminium extruded frame with double layer S.S Panels and Air diffuser made out of nylon filament cloth to provide filtered Air backed by high efficient Hepa Filters of 0.03 micron.

SURGICAL SCRUB STATION

HOTCOATERS
ENGINEERING SOLUTION

2-3 Bay as per individual requirement scrub sink made out of 304 grade SS Brushed finished steel with Photo Electric Sensor, Mixer valve, Solonite valve & Foot/ Knee operated are provided.

HATCH BOX

HOTCOATERS
ENGINEERING SOLUTION

Static Pass Boxes are cost-effective solution as it allow materials to be transferred into or out of the controlled environment without personnel movement, thus, decreasing the risk for cross-contamination.

OT pass box is amended in wall panel to keep operating theatre sterile made out of 304 SS with toughened glass and push switch for maximum comfort to the para medical staff.

SURGICAL OT CONTROL PANEL

HOTCOATERS
ENGINEERING SOLUTION

It is equipped with Day Time & Laps Time Clock Hand Free Telephone, Medical Gas Alarm system, Peripheral light & Dimmer switch etc. as per individual requirement. It is having microprocessor feature.

X - RAY VIEW BOX

HOTCOATERS
ENGINEERING SOLUTION

X - ray viewer box having embedded design is made out of Aluminium extruded having non flicker, providing high luiminess with dimmer switch for adjustment of lightness. It has 2 -array to 9 - array as per indiviual requirement.

LIST BOARD

HOTCOATERS
ENGINEERING SOLUTION

It provide writing board embedded into wall panels to provide clean & smooth wall made out of puff panel and CRCA powder coated box.

I consists magnetic properties so that one can easily place duster etc on it.

OT PERIPHERAL LIGHT

HOTCOATERS
ENGINEERING SOLUTION

Offer wide range of Shadow less cool Light depending on individual requirement. Our range 500 lux to 1500 lux depending upon size of light. It also comes with in built in dimming capacity of choke for easy control of intensity of light.

MULTI MOVEMENT PENDENT

HOTCOATERS
ENGINEERING SOLUTION

Multi movement Anaesthesia and surgeon pendant are made out of aluminium extruded / sheets, powder coated in different colours, to provide maximum convenient to Doctor & paramedical staff. It has provision for gas terminal unit, electric sockets, load capacity upto 150 kg., monitor shelves, IV tree, rod for infusion and siring pump, instrument carrier of arm length 800 mm to 1200 mm with maximum rotation 360 Degree.

INSTRUMENT STORAGE

HOTCOATERS
ENGINEERING SOLUTION

Instrument storage cabinet provides maximum space & comfort for the storage of instrument & medicine inside the OT as this is amended in wall panels, having 3 shelves in each cabinet with individual transparent toughened glass/acrylic.

HERMETICALLY SEALED DOOR (HPCL)

HOTCOATERS
ENGINEERING SOLUTION

To keep operating theatre sterile, hermetically sealed automatic/manual, sliding / swing doors are provided made out of high density particle board cores, high pressure laminated faced and effortless sliding arrangement with nylon wheels & aluminium extruded track. Hand sensor, foot switches and infra-red photo sensor, radiation shield can also be provided as per individual requirement.

CLEAN ROOM DOOR (PCGI)

HOTCOATERS
ENGINEERING SOLUTION

Clean Room Doors Are Specialized Doors Designed To Maintain The Controlled Environment Within Cleanrooms, Crucial For Industries Like Pharmaceuticals, Electronics, And Food Processing. These Doors Are Engineered To Prevent Contamination By Dust, Airborne Microbes, And Other Pollutants While Facilitating Easy Cleaning And Maintenance.
